Minutes

Meeting title: Internship Day 8

Date + Time: May 3,2024, 11:30 am

Location: Jain University, Room-102

Attendees:

Mr. Akash Das

Futurense Technologies,

CSE- AIDE: Sem IV Students

Solution

https://github.com/arj1-1n/internship-phase-2/tree/main/03.05.24

Agenda

Creating minutes of a meeting involves capturing key discussions, decisions, and action items.
Explore SQL Functions

Training objectives

1. Understanding the Purpose of Minutes of Meeting (MOM): Define what MOM is and why it is important for effective communication and decision-making in organizations.
2. Understanding SQL Functions: Define and categorize different types of SQL functions, including aggregate, string, cardinality, and math functions.

Key takeaways

1. Functional Understanding of SQL Functions: Gain a clear understanding of various types of SQL functions and their roles in data manipulation, enabling efficient query development.

2. Enhanced SQL Query Proficiency: Improve overall proficiency in SQL query writing by leveraging a comprehensive toolkit of SQL functions for data retrieval, transformation, and analysis, enhancing productivity and effectiveness in database tasks.
